OHB Technology AG welcomes the German Corporate Governance Code and its legally binding nature. The Management Board and the Supervisory Board of OHB Technology AG declare that the Company already conforms with the recommendations of the Corporate Governance Code Commission appointed by the German Federal Government and will continue to do so in the future.

Revised versions of the German Corporate Governance Code were released on November 2002, on Mai 2003, on June 2005, on June 2006, on June 2007 and on June 2008. This declaration of conformity refers to the new version dated June 6, 2008.

OHB Technology AG deviates from the principles of the German Corporate Governance Code in only a small number of points:

**Age limits for the Management Board (5.1.2)**
OHB Technology will not be setting a maximum age for the members of the Management Board as this would limit the availability of suitable Management Board members for appointment by the Supervisory Board.

**Formation of Supervisory Board committees (5.3)**
OHB Technology AG has not formed any committees on account of the small number of members on its Supervisory Board (three).

**Age limits for the the Supervisory Board (5.4.1.)**
The Corporate Governance Code recommends defining maximum ages for the members of the Supervisory Board. The Supervisory Board is elected by the shareholders of OHB Technology; accordingly, a defined age limit is not a desirable factor for selection purposes.

**Compensation of the deputy chairman of the Supervisory Board (5.4.6)**
However, OHB Technology AG takes the view that this recommendation makes little sense with a Supervisory Board comprising only three members. Accordingly, OHB Technology AG’s bylaws do not provide for any particular compensation for the deputy chairman of the Supervisory Board.

**Performance-related compensation of the Supervisory Board members (5.4.6)**
OHB Technology AG’s bylaws do not provide for any performance-related compensation for members of the Supervisory Board.

Management Board and Supervisory Board of OHB Technology AG

Bremen, December 19, 2008
